Description

Seaside offers a myriad of food, lodging, shopping, and attractions; everything you would expect from a, ahem, sea side town. Broadway in particular has more to offer than you can do in an afternoon and is well worth a bike ride from the airport.

The Seaside Airport has bikes available for pilots to get around town/to the beach. See the airport website for details: <https://www.seasideairport.org/ground-transportation>. Biking into town involves a short, ~1,500ft ride along Hwy 101. From there it's possible to divert onto residential streets for a much more pleasant bike ride into town.

If not wanting to bike into town, there are handful of restaurants around the airport as well. Some within walking distance, others more easily accessible with the bicycles.

The airport website has a good list of nearby attractions: <https://www.seasideairport.org/attractions>.
