Description

Cavanaugh Bay is a popular camping location. The field is fairly easy to operate at and good amenities exist. A pilot's lounge exists with bathrooms and showers. Bikes are available in the bike shed as well.

Most camping is done on the west side of the runway, but it's also possible to camp on the east side. The east side is less used and further from the homes on the west side so it may be quieter.

Transient Parking

Parking is available on both the west and east sides of the field.
