Description

Davenport is a nice, small community airport with fuel west of the Spokane Class C. At least one bike is in the pilot's lounge and there is also a crew car.

The El Ranchito restaurant is a short walk from the east side of the field. A motel is another block down.

Crew Car Availability

There is a crew car located here. See the pilot's lounge for the liability waiver and key.

Comments

Landed there several years ago. Operator was a crop duster, friendly and very helpful.
