Description

When arriving runway 10, fly a downwind leg up to the mountain, turn base after passing the house on the hill with pool (avoid directly overflying this house though please).

When departing runway 10 turn left 45 degrees toward the railroad bridge to avoid the 200ft hill.

Traffic pattern altitude here is 2000ft AGL due to obstacles.

Camping is permitted on the field per the [EAA Chapter website](#). This should be confirmed prior to camping, however.
