Description

Nevada County sports a pilot friendly terminal building open business hours and weekends. Coffee, WiFi, restrooms, and snack machines are available inside.

Runway 25 is usually preferred option for takeoffs given its downslope and lowering terrain on departure. Runway 7 is the preferred night landing option as it has a VASI and less terrain on its approach.

An AirBnB on the field provides overnight accommodation options. See <https://www.airbnb.com/rooms/50971779>.

For food, Mountain Grub sandwich shop is a ten minute walk to the west.

An Enterprise rental car facility exists in town. It's not walking distance from the airport, and Uber/Lyft coverage is not reliable. <https://air-galore.com> have a rental car on site though.
