## Description

### **Confirm with owners before landing here.**

This is a cool spot for advanced pilots with STOL capable planes. The "runway" is a gap between some rows of vineyards and is about 600-700ft. long. It's fairly narrow and wandering off to the sides of the runway would be very unforgiving as there are rows of grapevines.

There is a great restaurant/cafe with indoor and outdoor seating. There is a store there and a short walk down to the distillery. To the east is a small disc golf course.
