Description

Minietta Mine is a backcountry strip that sits on BLM land. It was recently restored by volunteer pilots for recreational use. The runway is ~2,000ft long, however due to a gully in the middle (that can be slowly taxiied over at low speeds) the usable runway is closer to 1,000ft.

See <https://backcountrypilot.org/forum/minietta-mine-airstrip-23016> for more details.
