## Description

Delle is a privately owned, unmapped airport next a gas station off of I-80. It is open to Utah Backcountry Pilot Association members without prior permission.

Two runways exist, 1,500ft and 2,200ft long. The gas station supposedly has excellent sandwiches. For planes that use mogas, the gas station has ethanol-free gas and extended pump hoses for planes.

See [Utah Backcountry Pilots Association](#) for more info and conditions before attempting to land here.
