Swimming

Restricted

Description

1XS4 has camping open to the public (fly-in only) and is free to land at. Red Sand Ranch is right on the crystal clear Llano River with easy access from the South end of airstrip. Note that a Texas fishing license is required. The campground has shaded camp sites with grills and picnic tables. Coming soon is a restroom/shower facility with electronics charging station.

Fly **RIGHT TRAFFIC** when landing to the south (Rwy 17) to avoid flying over property to the East. Watch for deer on runway too. The runway condition is good (turf, Bermuda grass). There is a windsock above the hangar and on the north end of the strip.

Visit redsandsranch.com for photos, lodging and resort info.
