Description

The [Oregon Coast Military Museum](#) is across the road from the ramp.

Otherwise, there are a handful of restaurants within a mile or so walk from the airport in town.

Transient Parking

There is plentiful transient parking on the ramp of this well maintained airport. Chains are provided; it can be windy here so it's best to use them!

Comments

Gusty winds can be an issue, generally pretty much down the runway from the north according to a local pilot I spoke to. Florence is a nice little town, the actual downtown being about a mile or so from the airport. Plenty of restaurants and a few hotels to choose from.
