Description

This airport is across the street from the [Apache Gold Casino and Resort](#), part of the San Carlos Apache reservation. It's a great place to visit and get away. The food is pretty good too.

Transient Parking

There are two parking areas. The area to the east is the "main" area, if you want to call it that. The area to the west is where you want to park if you are going to the casino. That is also where the fuel is located.

Last updated: 2023-10-01 15:46:14 MST

Fuel Location

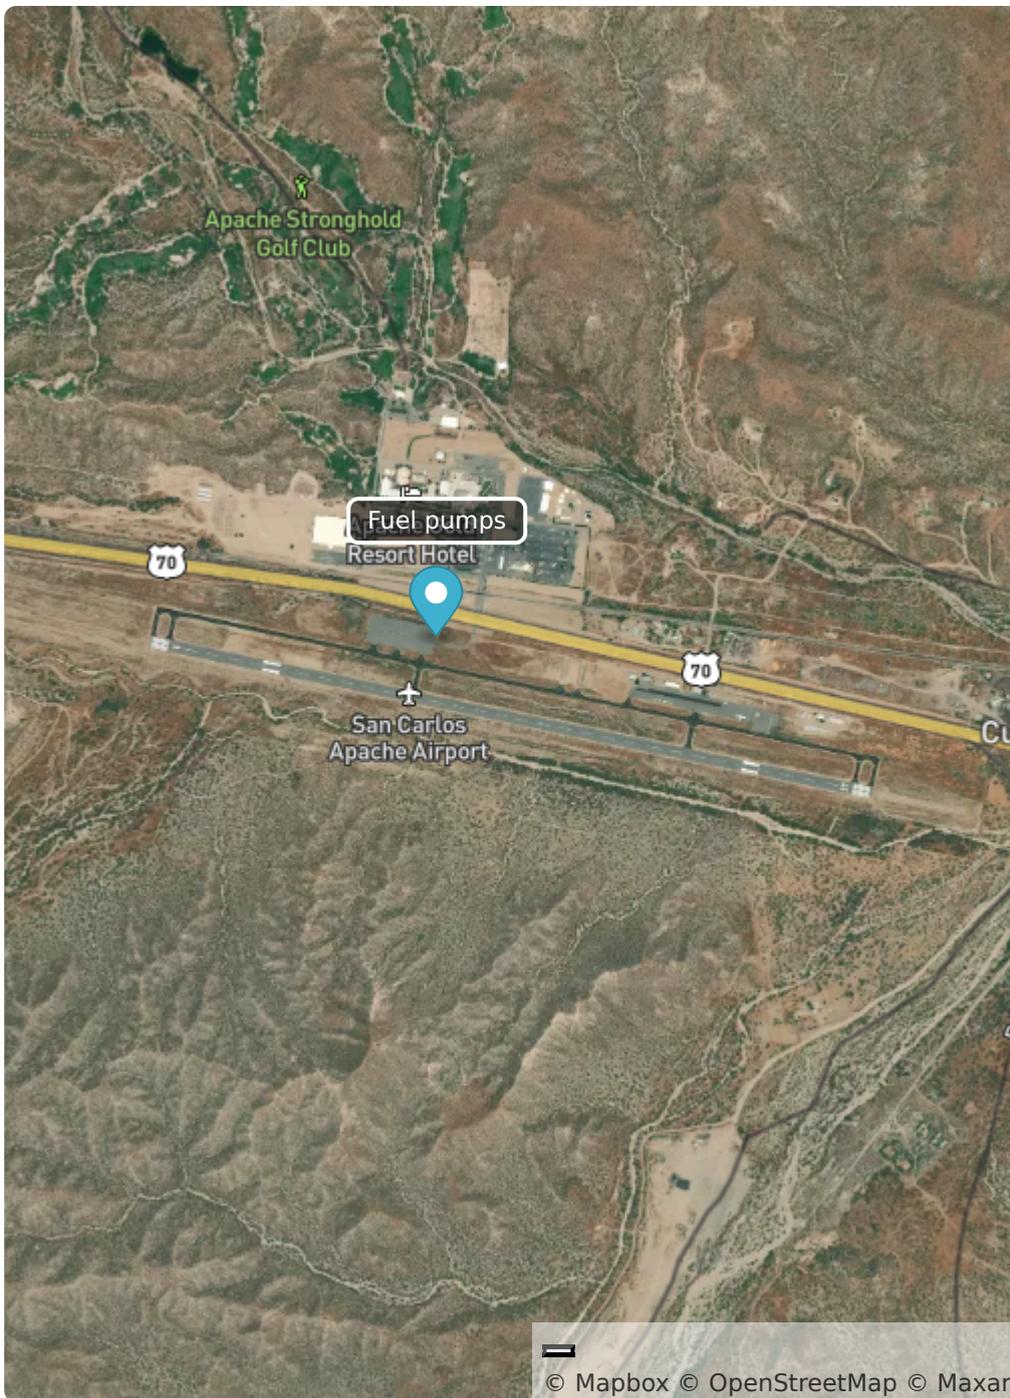

In the west parking area.
