Description

Sequim, WA is located in the rain shadow of the Olympic Mountains resulting in an area of Western Washington that gets an average amount of sunshine on par with California making it a wonderful destination when other parts of the state are in their rainy season. The airport website, <https://sequimvalleyairport.com/>, has a good deal of additional information about available amenities and attractions.

There are two small cabins on the field available for rent on AirBnB for reasonable nightly rates.

The nearby Skyridge Golf Course will provide transportation for fly-in golfers to/from the field with 24 hour notice.
