Description

Arlington is one of the busiest uncontrolled airports in the Seattle area. Be prepared for traffic on nice summer weekends, especially when most traffic is landing 34, but someone decides to land 29 potentially causing a conflict on short final.

Landing in the grass immediately to the east of runway 34 is permitted. It's 1,500ft from to the first taxiway turnoff making for good practice for short field landings. Be mindful of glider operations in this area.

Ellie's at the Airport is located on the field for food. Also, across the street is the Elemental Hard Cider Co. which offers stone-fired pizza and hard ciders for your passengers.

Every August the [Arlington SkyFest](#) air show and classic car show takes place here.

Transient Parking

Transient parking is located on the south side of the restaurant at mid-field.

Last updated: 2024-03-18 20:44:13 PDT

Fuel Location

There are two FBOs which sell fuel here. The competition between them leads to some of the lowest fuel prices in the area. Both are located on the north end of the field.
