## Tags

## Description

Friday Harbor is a popular location for flights from Seattle due to its short walk into town and plethora of breakfast, lunch, and dinner options. For instance, right outside the airport gate is [Bakery San Juan](#).

Parking on northeast corner provides shortest walk into town with a gate leading to the road. A pilot lounge and restroom are located next to the gate as well.

On-field camping is available in the designated areas for \$25/night.

## Transient Parking

The northeast corner of the airport has plenty of transient spots marked for both singles and twins.

Several twin engine spots are closest to pilot shack on east side adjacent to the fence. Be considerate with these: if you feel you must park your single in a twin space, park so another single can also share the twin space with you.

### Fuel Location

Fuel pumps are located on an island in the northwest corner of the airport.
