Description

Riverside Cafe is excellent, but very busy on weekends. It has live bands and a great atmosphere.

Riverside airport has a lot of training traffic. If you are full-stop, tower will work to get you in. If you are doing pattern work, you may get denied--especially on Friday through Sunday. Be prepared to circle downtown Riverside if tower gets busy.

RWY16/34 no longer used for normal traffic.

If you are shooting ILS/LOC RWY 9 be ready to circle unless winds favor 9 and there's little traffic in the pattern.

Be alert for traffic from and around KRIR (Flabob) to the northeast.

Occasional jet traffic as well as CAF aircraft.
