Description

The airport has [very specific noise abatement procedures](#) that ATC will instruct you to follow. If you don't know the procedure, then they'll read them to you as part of your clearance, so it's easier to get the textual description online and brief the departure before takeoff.

The Hiller Aviation Museum is located on the field. Fly-in information is found on their website:

<https://www.hiller.org/visit/general-information/>

The Sky Kitchen restaurant is located on the field also.
