Description

Roche Harbor is a private airport that is open to the public with certain restrictions. Notably, night operations are not permitted. See the following document for more airport info: <https://www.rocheharbor.com/wp-content/uploads/2020/02/Roche-Harbor-Airfield-Info.pdf>

There is a small road/walkway on the off of the west end of the field that leads to the resort. There are a few restaurants available and other services. The resort also has lodging available, but during the summer it sells out far in advance.

Transient Parking

Transient parking is available on the northwest end of the runway during the summer. This area is sloped down towards the runway. **Bringing chocks is recommended** unless you really trust your parking brake!

Note that parking is only allowed in the grass during May - October. Park on the paved ramp during the winter.

Comments

One of my favorite destinations. Good place for walks on nearby roads and through the old limestone quarries.
